Discuss the brochure.

### 1. What is the purpose of the photo and the drawings?

**Photo 1** : the photo and the drawings give the audience big picture of the brochure. For example, the first photo shows a healthy grandmother, which gives an impression that the full treatment can cure the osteoarthritis..

**Drawing 2, 5** : The drawing allows non-expert to understand the symptoms in details. Non-familiar terms are explained in the drawing. Additionally, the drawing efficiently explains the cause of the symptom.

**Photo 3, 4** : These photos are not necessary to understand the contexts, but they make the audience comfortable to read.
